

## Accounting Practice with Fees of Circa \$250,000

An opportunity to acquire an accounting practice with a mix of individual and business clients.

It would be ideal for an existing accounting practice wishing to expand and 'bolt on' the practice or an experienced accountant wishing to commence practice at a reasonable scale.

The Practice has grown significantly over the past 5 years and operates mostly remotely. There is an office available if needed which is located close to the Perth CBD.

The Vendor advises the majority of the business clients are serviced remotely via email or phone. Individual clients were serviced as mobile where the Vendor or staff went to the client's house.

The geographical location of the client base is the Perth metropolitan area, both north and south of the river. The Vendor estimates approximately 10% of the clients are located on the East Coast.

The Vendor has asked that potential purchasers be qualified for finance prior to progressing to a meeting/teleconference.
