

Optometry Practice - Broome

This is the best optometry practice we have seen for many years, an excellent opportunity to acquire a well established business located in the popular and charming coastal town of Broome. The profitability of the practice is well above normal (**+\$300K**) and the hours worked are less than normal! This provides the current owner with the perfect work life balance. Accordingly, it will suit an experienced optometrist ready to:

- Control their own destiny by owning their own business
- Earn a lot more money than they currently do
- Examine less patients and enjoy working in a friendly relaxed chatty environment
- Have more personal time off
- Grow the business if the new owner wishes to work more

Over the years the practice has built a solid reputation as a quality operator in the region. There is an established patient base and plenty of potential and opportunity to develop the practice further. The practice is open 5.5 days per week.

The Information Memorandum contains a list of plant, equipment, fixtures and fittings included in the business.
