

SOLD

Fencing and Gate Manufacturer

This is an excellent opportunity to acquire an established business specialising in the manufacturing and wholesaling of fencing and gates. The business provides its products to the domestic, commercial, government and retail markets and works with contractors, installers, real estate developers, builders, project managers, businesses and sometimes direct with homeowners.

The business provides a high level of service to its customers by providing high quality, contemporary fencing and gates at competitive prices. It could be best described as operating in a well developed market with an ongoing need for its products and services. The business has a good reputation in the industry, having been established for many years, and has built strong relationships with customers and suppliers over this time. The business operates from a modern, well-equipped and worker friendly workshop which is leased.

The benefits of this business include scope for further development, an established customer base, experienced staff and a good long-standing reputation with customers. The business has the necessary staff, vehicles, plant and equipment needed to run the business.

It could be an excellent bolt on for an aligned business with an interest in entering this field and adding to their current product offerings. The business could also be suitable for someone wanting a stand-alone business in this industry which they could potentially grow and expand further.

Asking Price \$2,500,000:

Goodwill \$1,350,000

Vehicles, Plant & Equipment \$350,000

Stock (estimate) \$800,000
