

Plumbing and Gas Services Business

This is an excellent opportunity to acquire an established business specialising in a wide range of plumbing and gas services for both residential and commercial needs. These services include leaks, repairs, inspections, quotes, installation, cleaning, blockages, hot water systems, gas leaks, renovation works, new home construction and commercial construction.

The business has a good reputation in the industry, having been established for many years, and has built strong relationships with clients and suppliers. There is ongoing maintenance work as well as construction/renovation work.

The benefits of this business include scope for further development, established customer base, experienced staff and a good long standing reputation with customers.

It could be an excellent bolt on for another plumbing business, or an aligned business with an interest in entering this field and adding to their current offerings. The business could also be suitable for a person wanting a stand-alone business in this industry which they could potentially grow and expand further.

Asking Price \$500,000

Goodwill \$338,000

Vehicles, Plant & Equipment \$150,000

Stock (estimate) \$12,000
