Business For Sale

Sale of Machinery, Tools & Consumables Australia Wide

This is a rare opportunity to acquire an established Business Group operating Australia wide specialising in the supply of machinery, tools (cutting, drilling & grinding) consumables and other products, to businesses associated with the manufacturing of raw materials into commercial and residential related products.

The majority of business is received from repeat customers, word of mouth and referrals, plus there is a website with an online shop which has a wide range of consumables and tools available for purchase. The business has a large range of products, staff competency, capabilities and various suppliers and agencies in place. A strategic point of difference is the operation of mobile showrooms, which stock and deliver the products and services on a regular and convenient timetable to their customers. There is also a logistics/transport business in one of the states which services the specific industry and could be expanded to other states.

The benefits of this business include, scope for further development, established networks, customer base, business procedures and a good long standing reputation. It could be an excellent bolt on for an aligned company with an interest in entering this field or could also be suitable for someone wanting a "stand-alone" business which they could potentially grow and expand further.

Asking price:

Vehicles, Plant & Equipment approx. \$1,000,000

Stock estimated at \$1,500,000

Goodwill by Expressions of Interest
